---

## Summary

I am a Web Developer with over 10 years of experience, specializing in custom WordPress theme development and front-end development. My expertise includes building and maintaining websites using HTML, SCSS, JavaScript/jQuery, and PHP. I am passionate about delivering high-quality solutions and continuously improving my skills to stay updated with the latest trends in web development.

---

## Experience

Founder and Web Developer, [Webplus s.p.](#)

*January 2020 – Present*

- Custom WordPress Theme Development (HTML, SASS, JS, JQUERY, PHP, Gutenberg, ACF)
- Front-End Development on different CMS (HTML, CSS/SASS, JS, JQUERY, PHP)
- Website Maintenance and Support
- Client Communication
- Hosting and Domain Management

Senior Web Developer, [Bold Group](#)

*February 2022 – November 2023*

- **WordPress and WooCommerce Development:** Developed custom WordPress themes and WooCommerce stores
- **Website Management:** Managed and supported over 20 WordPress websites and online stores concurrently, ensuring optimal performance and regular updates.

- **Front-End Development:** Executed front-end development tasks, including coding and setting up landing pages across various platforms.
- **API Integration:** Integrated REST APIs to extend website functionalities
- **Hosting and Domain Management:** Handled hosting services and domain registrations, including setup and maintenance
- **Customer Support and Project Management:** Provided customer service and led some of the website development projects.
- **Team Leadership:** Mentored junior developers and coordinated with external collaborators
- **Analytics Implementation:** Set up analytics tracking and Google Tag Manager
- **Data Preparation:** Prepared CSV files for product imports, streamlining inventory management for online stores.

#### Front-End React Developer, [Studio Moderna](#)

*October 2021 – February 2022*

- **React Development:** Developed new components for Magento 2 stores using React and SCSS.
- **Version Control & Collaboration:** Utilized Git and Bitbucket for version control, code review, and collaboration within a Scrum team

#### Front-End Web Developer, [Studio Moderna](#)

*August 2017 – October 2021*

- **Front-end development:** Coded in HTML, CSS, jQuery to develop and maintain Magento store websites.
- **Theme Development:** Developed complete front-end for the Magento store
- **Version Control & Collaboration:** Utilized Git and Bitbucket for version control, code review, and collaboration within a Scrum team
- **Feature Enhancement:** Implemented new features and fixes on existing websites to improve performance and user experience.
- **Landing Page Creation:** Developed landing pages to support marketing initiatives and promotional campaigns.

#### Internet Assistant, [Studio Moderna](#)

*March 2016 – August 2017*

- **Website Setup:** Assisted in setting up websites on a custom CMS
- **Template Preparation:** Prepared HTML templates
